

A step-free route to the London Eye from Waterloo Mainline Station

1

If you need assistance at the station call 08456 050404 (it is a good idea to phone before going).

The most accessible way out of Waterloo Mainline Station is **Exit 3** (This is next to Costa Coffee and opposite Platform 11 and 12).

Turn **left** and walk downhill along 'Cab Road' (it's a cab and bus stop).

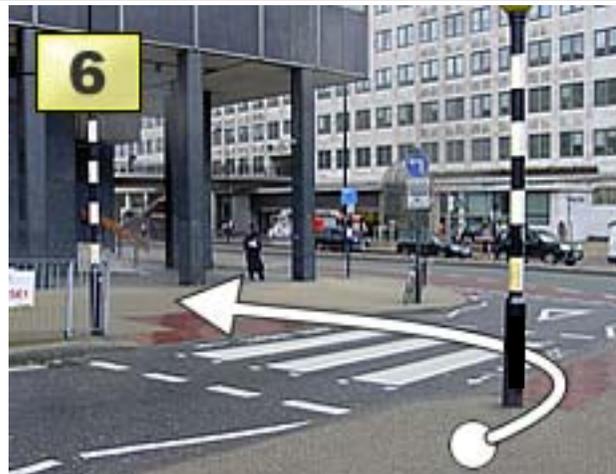

On your left you **pass the main entrance** to Waterloo Station. Go between the steps and the subway.

You come to a **zebra crossing** on the right. It crosses 2 roads. **Cross the first** one to the middle island.

At the middle island turn **left** and **cross the zebra crossing** straight ahead.

On your **left** is another **zebra crossing**. Cross here to get to the corner of **York Road**.

Go along **York Road** on the **left-hand side**.

You will go **by the Shell Centre** on your right. Keep going **under the footbridge**.

There are **2 pelican crossings** after the Shell Centre. Use the **second crossing**.

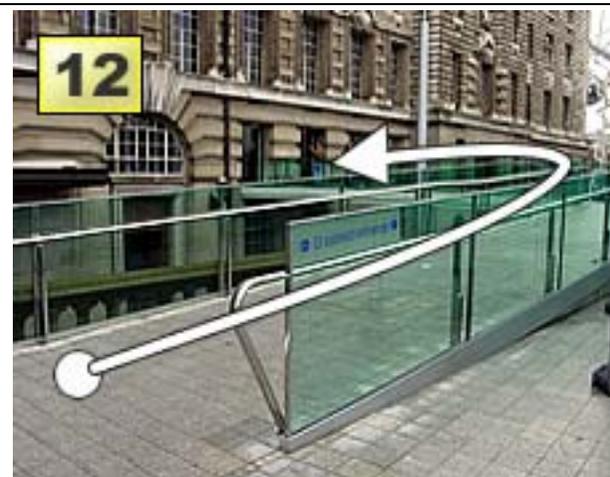

Turn **right** to go down **Chichley Street**. You pass a **Slug & Lettuce bar**.

At the **end of Chichley Street** cross over to get onto **Belvedere Road**.

You will reach a **flat paved area** in front of the London Eye is.

On the **left** is the **step-free entrance** to the Ticket Office.

This is the entrance to the **Ticket Office**. (There are also steps to this entrance)

We are making maps for other journeys. Your feedback can help us get these maps right so let us know what you think!
